

Serene Versante

Serene Versante embodies a tranquil haven where contemporary design meets coastal elegance. This six-bedroom residence seamlessly merges sophistication with serenity, featuring uninterrupted sea views that elevate the experience of true luxury.

Crafted by LW Design in collaboration with CK, it stands as a modern masterpiece of comfort and style. The neutral palette enhances art pieces, blending distinctive aesthetics with coziness to create a contemporary ambiance. Softened by nuances of grey, brass accents, curved lines, and organic surfaces, it exudes timeless elegance.

This exceptional residence reimagines luxury, offering a harmonious retreat that effortlessly intertwines refined living with the calming embrace of coastal beauty.

Details:

Address – Villa 21, Frond G, Palm Jumeirah, Dubai

Levels – 4

Bedrooms – 6

Bathrooms – 10

Enclosed Area – 16,800 sq. ft.

a) Architectural Philosophy

Serene Versante's architectural design is a celebration of nature's harmony, seamlessly merging indoor and outdoor living. Expansive floor-to-ceiling glazing bathes the interiors in natural light, while the large terrace running along the ensuite bedrooms on the first level opens to breathtaking views, enhanced by a sky deck roof that crowns the home with sophistication.

Inspired by the elements of water and sand, the entire exterior is elegantly wrapped in natural stone, its warm travertine tones extending indoors to evoke a sense of calm and continuity. This thoughtful materiality amplifies the home's spaciousness, creating a welcoming environment that resonates with the tranquility of its surroundings.

The modern design distinguishes itself further with a gently projecting second floor, its lines softened by louvers set before the glass panels. Every detail of the façade is crafted to perfection, from the beautifully tapered reed sections to the sleek stone cladding that complements the clean, organized landscaping. A serene walkway, flanked by tranquil water features, leads to the grand entrance, offering a peaceful and elegant introduction to the residence.

b) Essence of Interior

As the warm tones of travertine extend inside, they amplify the volumetric perception, creating a welcoming atmosphere. The neutral palette serves as an ideal backdrop for art, blending distinctive aesthetics with comfort through a versatile array of furnishings. Meticulously designed, the interior enhances smooth transitions and complements the striking exterior, featuring grey marble, brass accents, curved lines, and organic surfaces that evoke timeless elegance.

Adorned with exquisite Henge lighting, the space features sinuous Tape lights cascading along vertical passages and marble-vein patterns on the walls, while etched glass and brass drops from the Skyfall installation enhance the sophisticated ambiance. Carefully selected furnishings from Gracili, Giorgetti, and Minotti, along with Gaggenau kitchen appliances and Poliform cabinetry, elevate everyday living. Luxurious AXOR bathroom fixtures and unique caviar-clad columns complete this narrative of refined elegance.

Contextualized with modern stylistic languages and artisan quality, the living spaces are impactful, especially with the uniquely 'caviar clad' columns supporting the ceilings. Each detail has been thoughtfully curated to enhance the living experience, ensuring every corner reflects the essence of comfort and sophistication.

c) Exclusive Experience

At Serene Versante, your exclusive experience begins upon entry, where distinct artworks await, including a breathtaking two-ton sculpture that soars from floor to ceiling, setting the tone for the sophistication that permeates this residence – a canvas of luxury and artistry.

Motorized sliding doors seamlessly connect the elegant interiors with the serene beauty of your outdoor oasis, where a waterproof pool with a centrally positioned hot tub invites relaxation. Surrounding this aquatic haven is a meticulous outdoor kitchen and dining area, adorned with exquisite stones, aluminum, and marble.

For those who value an active lifestyle, the dedicated Techno Gym space dazzles with vibrant LED lights and contemporary stencil designs, inspiring you to push your limits. The subterranean A/C car gallery, designed specifically for supercars, offers a sleek environment to showcase your prized vehicles.

With an emphasis on sustainability, Serene Versante features solar panels and innovative water vapor fireplaces that warm each room with steam than fire. Thus,

every detail is crafted to elevate your lifestyle while embracing eco-friendly living, creating an extraordinary experience that feels uniquely yours.
