## Notification

### 📅 Important Update: Compensatory Work Day 📅

Dear Team,  
I hope this notification finds you well.

As you know, we had announced that **July 17, 2024**, would be a work-from-home day. Unfortunately, due to widespread internet connectivity issues, many team members were unreachable and unable to work.

Now we have decided to compensate for that day by working this **Saturday, July 20, 2024**. This Saturday will be considered a normal working day to meet our project requirements.

Best regards,  
M.Hamdan  
HR Manager
