## Mobile Apps

We have our own mobile apps. In addition, we procure low third party vendor apps in Cloud or On-premise model to manage our company data including Staffs Information, Catalogues, Schedules, Attendance, and many others

## Data We Collected

All our data will be residing on our own server in a secure manner. However, we allow vendor apps to fetch data from our servers on need basis. We ensure that our vendor apps are not going to store any of our data with them. Our Apps would be using user's Mobile MAC ID, Employee ID, Location coordinates with latitudes and longitudes and few more identification details for monitoring and tracking purposes

We use cookies and similar technologies for storing and honoring your preferences and settings, enabling you to sign in, providing interest-based advertising, combating fraud, analyzing how our products perform, and fulfilling other legitimate purposes
